

DANI

I was trying to sleep.

RENEE

Sorry. Sorry!

I didn't realize it was so late.

DANI

That's what you apologize for?

RENEE

What else have

DANI

You ran out.

You ran out on me.

On us. Me and our friends. You ran
out to

RENEE

You made it impossible.

DANI I !

I Did Not.

RENEE

The baby's not going to be okay.

DANI

Of course, he, she, they, is. Of
course, with,

RENEE

You saw the PRE- test results. The report.

DANI

You are tired.

You're not thinking straight. You
had too much pot.

RENEE

There's no such thing as

DANI

I'm going to bed.
The morning.
We'll talk about this in the, Are
you coming?
Are you coming to

RENEE
It's not the pot. It's
the
Fine Print
of the Genetics. The chance that

DANI
Tomorrow. We'll You're
not in the Running out like
that Clearly you

RENEE
Clearly, I?

DANI
I, okay, I clearly. Misjudged. Your state of mind. I
clearly, look,
I still think you should apologize. For
the walking out.
But, I think, this, I should not have mentioned

RENEE
You really shouldn't have.

DANI
But they were mentioning

RENEE
Celebrating. They were celebrating. It
was an
Occasion
To tell your best friend's that you're pregnant. It's
a thing, you know. Capital T, thing.

DANI
I know, Renee. We just fucking did it ourselves.

RENEE
They should be able to celebrate. Just

like we were able to.

DANI

Of course! I'm not saying they shouldn't be able to

RENEE

But then you turn, you turn the conversation,
Away,
Far away,
To the the the the Elephant in the Paperwork in the Fine Print in the Room.

DANI

I didn't, it wasn't a planned attack. On you. Or our baby.

RENEE

Or on sanity. Or on
the truth.
Or on our years of friendship. If we
can't be honest with

DANI

I think, we should just go to bed. I'm
going to bed.
I'm sorry, it just came out of my mouth.

RENEE

Like rabbit shit.

DANI

No, not like, Like
drivel.
And I'm sorry. I should have just said we were still waiting for

RENEE

We are not still waiting for anything! I
didn't get overwhelmed.
I didn't exaggerate.
I'm not, it's what the doctor said. I
told you what the doctor,
I showed you the results. The
report.
The empty space where the doctor should have signed to certify that we qualify for,

RENEE

that our baby qualifies for, a PRE certification.
I showed you. I – showed – you.

DANI

It's time for bed.
We can talk about this in the morning. When
you're calmer.

RENEE

This is not about me being calm.

DANI

Good night, Renee.

Dani exits. Dani re-

enters. DANI

And I didn't, I
didn't just,
Encroach,
We are friends. We share.
We share information and experiences and

RENEE

But you didn't share you

DANI

I did.

RENEE

You lied. You lied
